**Capital Region Water (CRW):** On May 10, 2021 the Environmental Integrity Project (EIP) on behalf of the Lower Susquehanna Riverkeeper Association filed a Motion to Intervene (MTI) as a plaintiff in the matter *U.S. et al v. Capital Region Water Case*. The U.S. Department of Justice on behalf of EPA requested and received a one-week extension to file its reply to the MTI. EIP's motion states that since EPA found CRW's Long Term Control Plan (LTCP) deficient in controlling CSO overflows in July a letter dated 2018, there has not been enough progress to develop a new plan. The Plaintiffs are preparing and planning to submit separate Certificates of Nonconcurrency with the Court that is due on May 27, 2021 showing demonstrating that DOJ/EPA/PADEP have a strong coalition working to resolve compliance issues with CRW and the MTI is not timely given that EPA has made significant progress in amending the current Partial Consent Decree. The Plaintiffs are working on a revised PCD.
